FY 2025**HB 13 - Statewide Real Estate Budget Summary****Office of Administration****Division of Facilities Management, Design and Construction****Department Request Budget**

The Division of Facilities Management, Design and Construction (FMDC) provides oversight for all leased facilities, state-owned facilities, and most institutional facilities, excluding facilities occupied by Conservation, MoDOT and Colleges and Universities. The total square footage under the oversight of FMDC exceeds 14.4M as shown below.

SQUARE FOOTAGE	
3,184,183	Leased Facilities - office, day treatment, state schools, warehouse, labs, etc.
5,137,514	State-owned Facilities - office, labs, warehouse, etc.
6,127,710	Institutional Facilities - state schools and mental health facilities
14,449,407	TOTAL SQUARE FOOTAGE (Includes OA-RATF)

The FY 2025 Department Request Budget total of nearly \$111M includes the annual rent for leased facilities and the annual cost of operations for state-owned facilities and institutional facilities. The cost per square foot for state-owned facilities and institutional facilities is based on prior year actual cost of operations. The cost per square foot for leased facilities reflects current lease rates and the prior year costs for janitorial and utilities. A summary of the FY 2025 Department Request Budget is shown below.

ANNUAL RENT	FACILITY TYPE
\$64,787,816	Leased Facilities

2. CORE DESCRIPTION

The Division of Facilities Management, Design & Construction (FMDC) is responsible for the payment and billings for non-state agencies leasing space within state owned and leased facilities to include utility and janitorial payments. In order to make timely payments for these services, FMDC processes payments through the OA Revolving Administrative Trust Fund (OA-RATF) and then bills the appropriate non-state tenant agencies for their share of the costs.

2. CORE DESCRIPTION

In FY 2018, the General Assembly appropriated \$1 for transfer from the Department's core budget to the State Legal Expense Fund for the payment of claims, premiums, and expenses provided by Section 105.711 through Section 105.726, RSMo. In order to fund such expenses, the General Assembly also authorized three percent flexibility from the other HB sections within HB13 to the \$1 transfer appropriation.

The department was notified by the building owner that effective August 2022, the lease for the District 10NL Office in Lebanon would not be renewed. The staff were moved to temporary space until a more permanent location could be found. And the division, in cooperation with OA,FMDC, began looking to identify a new lease location for the district office. A location has been identified, however the cost is higher than the previous location.

This request is for the additional funding required for the new location.

In March 2022 the Probation and Parole District 27 leased office building in Jefferson City was destroyed by arson. Staff were temporarily relocated to an existing leased location on Knipp Dr. in Jefferson City that housed division administrative and Command Center staff until a more permanent new location could be found. The space is insufficient for the number of staff (D27 staff, division admin staff, and Command Center staff).

This request is for funding for a new lease location for the division admin and Command Center staff, allowing the D27 staff to remain in the Knipp Dr. leased space. In addition to providing sufficient space for staff, this new location is adjacent to the department central office complex. This will allow division administrative staff to be officed with department administration.

The Department of Social Services Division of Youth Services (DSS DYS) in conjunction with the Office of Administration Facilities Management, Design and Construction (OA FMDC) requests this funding to allow for restoration of a building and cottage within the Hillsboro and potential New Day Day Treatment Center Complex. Due to damage from a water leak, there have not been any staff located in this building for about two years. Once restoration is complete, DSS DYS would like to relocate 12 DSS DYS staff members to the newly restored building(s). The current lease is not funded by HB 13, instead it is run through the 23rd Circuit and utilizes Juvenile Court Diversion funds. The core building on the Hillsboro/potential New Day Day Treatment Center complex is being utilized for a few DYS staff and also houses the complex kitchen.

In the Fiscal Year 2024 Department of Mental Health budget, the construction of a 200 bed mental health hospital in Kansas City was approved. Architectural Design and Engineers (A/E) and Construction manager at Risk (CMR) will be under contract in early 2024. There will be a need for additional FTEs to manage and oversee the design, development and coordination of overall programming to construction documents as the project moves forward.

Spring of 2024, the A/E will be generating the project program and Schematic Design package. FMDC staff will need to oversee and manage this process. Upon completion of the Schematic Design process, approximately six to twelve months, FMDC anticipates that the CMR will be onboard and under contract. As the A/E and CMR are under contract and both consultants are proceeding, FMDC will need 4.00 FTEs to move this project forward.

This request is for two (2.00) Sr. Engineering/Architectural Project Manager positions and two (2.00) Special Assistant Professional positions that will be required for the construction of the 200 bed mental health hospital. Based on the FMDC current workload with ARPA projects and other CI projects, it is critical to add these positions as we work through all phases of this new \$300M project. These positions will lead the project from design to complete construction and commissioning and will be in place for an estimated five to six years. The design work will begin in FY 2024 and the construction will start in FY 2025.

Currently, the FMDC team is managing over 1,300 projects and the team does not have capacity to add this project into the current staff. The ARPA projects will be in full swing with all deadlines for completion by the end of 2026. The request is for 3.00 FTEs to be positioned at some point at the Kansas City hospital construction site and the remaining 1.00 FTE shall be back and forth between the construction site and Jefferson City. These FTEs would be requested only for the duration of the project, five to six years, then the 4.00 positions would be core reduced. There is a corresponding NDI in HB 5.

On March 11, 2021, the American Rescue Plan Act (ARPA) was signed into law. In the FY 2023 budget, one of the ARPA projects included in House Bill 3020, Section 135 & Section 610 was for the design and construction of a multi-agency laboratory campus. The construction on the new multi-lab building has begun. FMDC is in need of a Specialized Trades Manager to oversee the current Health Lab and monitor the new lab construction as it moves to completion. The position will manage FMDC staff at the new Lab Campus and existing Health Lab.

FMDC needs additional authority to be able to cover all operating costs at this new multi-agency laboratory campus. This laboratory will be approximately 215,000 square feet. FMDC anticipates the need for 9 FTE for this campus. In the FY 2024 budget, FMDC received approval for 3 FTEs. At this time, FMDC is only requesting 1 FTE during construction. This position will manage staff at both the existing Health Lab and the new Lab Campus. There is a corresponding NDI in HB 5.

The goal of the Safety Program within the Office of Administration's Facilities Management, Design, and Construction Division (FMDC) is to promote workers and workplace health and safety culture relating to safety for training; assistance with compliance regulations, anticipating, recognizing, evaluating and controlling safety and or health hazards associated with employees; and providing a safe and healthy workplace environment.

3. CONTINUED

Under the direction of the FMDC Director, the current FMDC Safety Program Manager will supervise the requested Senior Program Specialist. The additional funding for the Safety Program will address two very important tasks: (1) keep workers safe by assessing and eliminating workplace safety hazards, and (2) help work toward safer workplace facilities. Improved safety practices will lessen the workers compensation loss by adhering to Federal, State and Local regulations, such as Universal Building Codes, and OSHA standards. Funding will also be used for outside safety consultants to develop training and educational materials, and assist with implementation of safety policies and procedures for all FMDC employees and facilities. FMDC is requesting additional authority in order to have the necessary funding available to cover all expenses related to leased, state owned and institutional locations.

There is a corresponding NDI in HB 5.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? In order to implement the expansion of the Safety Program, additional funding along with 2.00 FTE will be needed. The funding will be used for safety training and materials, OSHA compliance and training, posters and signage indicating hazards present, PPE equipment, eye and ear protection, safety footwear (steel toe boots for applicable staff members), hard hats, wheel chocks for all wheeled equipment and vehicles, and other equipment such as rubber feet for ladders, reflective vests, protective gloves, full face shields, chemical splash goggles, respiratory protection, fall protection equipment when working above 6 feet, and other protective clothing as needed.

Additional costs are for AEDs (quantity of 113) that will be purchased through a statewide contract and will include: AED/Equipment (AED, CPR-D Padz, 10 Pack Batteries, Carry Case, Demonstration & Setup CD) surface mounted wall cabinet with keyed alarm, AED wall sign, pedi-padz, 7 -Year Warranty, and a 5-Year Management Plan that covers annual maintenance to keep the AEDs certified. AEDs will be installed by FMDC maintenance staff.

The goal of the Security Program within the Office of Administration's Facilities Management, Design, and Construction Division (FMDC) will promote and manage the State's security program. The program is capable of identifying, controlling, and mitigating all current and potential security risks for the state owned office buildings. The security program will establish best practices across the organization to create harmonization and common methodologies to protect State employees, customers, and visitors, by securing the state owned and leased facilities across the state for all agencies and tenants. The program will be responsible for reviewing and consulting on new operational practices statewide with the goal of maintaining the security and safety of our employees. Under the direction of the FMDC Director, the FMDC Security Program Manager will supervise the requested Senior Program Specialist and the Administrative Support Professional. This manager will oversee the contracted guard force throughout the entire state. Presently, we have approximately 78 guards in an estimated 35 buildings. There is a corresponding NDI in HB 5.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

In order to implement the expansion of the Security Program, additional funding along with 3.00 FTE will be needed. The funding will be used for the development and implementation of security policies and procedures and consist of the following:

- Coordinate the security applications and programs to promote and ensure a safe working environment.
- Maintain and development new installation of products for psychical security within the FMDC state owned building and Capitol.
- Provide overall guidance into actionable items and initiatives and implement agency-wide security protocols.
- Assess facilities for both internal and external security threats and risks.
- Prepare and implement effective training programs for staff to meet site requirements.
- Prepare reports and conduct preliminary investigations of security-related incidents.
- Research, recommend, and implement appropriate programs to mitigate security risks and maintain regulatory and corporate compliance.
- Authorize data access, perform audits, and conduct quality checks.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

Provide workplace training related to safety policies and procedures and provide a safe and healthy workplace environment.

6b. Provide a measure(s) of the program's quality.

Provide overall guidance and implement agency-wide security protocols by:

- Eliminating or reducing security breaches
- Establishing an average response time for security incidents.

6c. Provide a measure(s) of the program's impact.

Reduce and prevent security risk threats and/or attacks.

6d. Provide a measure(s) of the program's efficiency.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

In an uncertain environment of persuading senior management to invest in protecting an organization, a comprehensive physical security program can be a powerful tool by investing in physical security technologies and FTEs to carry out the program. The FTEs will help identify areas where additional investment is needed to improve the State's security posture.

In addition to the measurers outlined above, the program should be aligned with the State's overall risk management strategy and take into account the specific threats and risks faced by the State and each state office building.

In conclusion, developing a comprehensive security program is an essential part of protecting a State's assets, employees, and visitors. The requested FTEs will assist in defining physical security objectives, identifying key performance indicators, determining data collection methods, establishing reporting and analysis processes, and continuously improving the program. The State will be able to enhance their security posture and better protect themselves against security threats.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

As the State Auditor's Office builds staff levels up from a historic low - more space is required in the St. Louis and Springfield areas. When fully staffed, the SAO projects 25.00 FTE housed in each location. Given the overwhelming demand for audits at the local level (partially driven by federal COVID relief efforts) and an emphasis on field work by the current administration - having staff geographically dispersed around the state saves travel costs, and allows the office to be more nimble in responding to local concerns regarding fraud, corruption, and inefficiency. Additionally, in recent years the SAO has had more success recruiting in the branch offices than in Jefferson City.

SAO assumed 25.00 FTE in Springfield and St. Louis, and used the most current cost per square footage rates to calculate the increase.
